## BRENDA'S CLEANING SERVICE

Competent, reliable, energetic — adjectives you thought to be part of the Olde English vernacular but no longer applicable to today's help — may not be so outmoded after all. This referral company, located in downtown San Rafael, has been scrupulously screening household help for 5 years. The company takes pride in its stable rates (\$7.50/hour, 3-hour minimum) and offers services on an on-call or regular basis. They refer only qualified help who need no on-the-job training! Responsive to the needs of the client, they will listen to your specific requirements, then send the right person to fit your needs any time you require. Their help provides an unrestricted list of services including cleaning and re-organizing cupboards, drawers, and closets — and all the other little jobs you never seem to get around to! 817 A - 4th, San Rafael, 453-3386.
